

RIDLEY SINGLE LEVER TAP

SKU: N/A | Categories: [Metallic Taps](#), [Sinks & Taps](#), [Taps](#)

A tap can make a real statement in your kitchen. Rising above the worktops, the kitchen taps often draw the eye, especially in an island unit. Tap technology has really advanced recently, and you can install a tap that filters your water for you, or a steaming hot water one for extra-fast tea making.
